On a personal note:

SD Space 4 Art sponsored by [Synergy Art Foundation](#) have found a truly fantastic space in East Village to transform into approx. 30 studios of varying sizes, plus approx. 4-5 work/live units. Spaces range from 250 - 1740 sq.ft. and prices range from \$220 - \$1,650 per studio, per month, utilities included (some studios are heated and air conditioned). They hope this will be a pilot project to demonstrate how successfully they can create a vibrant, self-sustaining, dynamic artspace with common showing space. They need to secure tenants as soon as possible. If you are interested in becoming part of this pioneering project, please contact them at sdspace4art@gmail.com.

There are more than 50 ongoing events on our calendar page to keep you and your guest happy over the holiday. I even counted 19 events on one day this month! Make sure and check our calendar before any outing and include some art.

On a personal note: [Synergy Art Foundation](#) (SAF) is conducting an Artist Live/Work survey to

evaluate the needs of San Diego County artists and arts organizations for permanent, affordable live and work space. The information collected will be shared with elected officials, community housing organizations, arts organizations, developers and potential donors, to inform them of the need for such projects in San Diego. It also will be useful in developing design guidelines and amenities for potential projects. Please take the time to [complete the survey](#) (about 10 minutes) and please forward this survey to any artists/arts organizations you think may be interested. It is critical to reach as many as possible. Fill out the survey if you need either work space or live work space. Please complete by April 15.
