The San Diego Visual Arts Network invites you to a series of soirees in an ongoing awareness campaign to inform the public about the value of the visual arts to our community. This series of small dinner parties starts in October and we have invited a selected number of artists to host and participate. Each party will have an interactive visual arts element ranging from specially designed sculptural serving pieces to collaborative table cloths. Each event is unique and very special with limited seating for 6 additional guests each. A donation to SDVAN of \$50 assures a place at the table.

Move over ugly white containers and dull china platters...we think your food should be delivered in style! Fabulous food calls for fabulous presentation. Four fabulous artists will serve culinary creations on their own eclectic sculptural pieces. We need your palette for tasting great food and wine and your inspiration in naming these sculptural creations! Melt your creative juices with those of the artists and you may depart with your own beautiful piece. Please join us for an evening of fine food, wine, sculpture and fabulous fun. We hope you'll want to keep the inspiration going and use this art to host your own inspired dinner party!

Our adventure dinner party is intended to inspire you as we invite our guests to think outside of the box and onto the table cloth. We are a small number of individuals on a deserted island. To begin, the outline is all that defines this magical destination. Each one is free to create inside and even outside if anyone cares to venture into the fantasy water. Your interaction with the island habitats and inhabitants is limitless. Everything is possible.....No rights or wrongs.....no grading! For now, there are no signs of rescue, but food, drink, companionship and all art materials will be supplied. The artists will help you realize your dreams. You may find a part of yourself you didn't know you lost and want to continue this dinner party tradition.

A pinch of this, a pinch of that, and VOILA....it's precisely how a delicious recipe, a unique human being, or any fabulous creation comes together! Three talented artists mix, mash and mesh together a night of fabulous food and art, tidbits of their lives, funny secrets and lots of laughter. Follow the Surrealist path to fold paper to conceal your creation, and pass it on to the next guest for his/her contribution. Join us for an exquisite night of food, wine and creation. If you are lucky, you will walk away with the unique masterpiece and the desire to play forward!
